Painting Watercolour Sea & Sky The Easy Way

Synopsis

This book builds on the success of Terry Harrison's *Sea & Sky in Watercolour*, adding six new projects and plenty of new paintings. Terry's clear, no-nonsense advice takes the mystery out of painting clouds, clear skies, sunsets, foam bursts, breaking waves, rippled water, reflections, boats, cliffs, rocks, beaches and much more. There are plenty of tips and techniques to show how to use Terry's specially made brushes to paint watercolour seascapes the easy way. There are then nine beautiful step-by-step projects that show the techniques in action.

Customer Reviews

A few repeat paintings from other books, and most of the paintings are similar to each other. Would have liked to see more variety in types of beach, more variety in locales and settings. Still excellent Harrison instructions to aid a beginner.

Anything Terry Harrison writes is good. He offers detailed easy to follow instructions on many of his projects and many of his books also include transfers. His painting excersises are easy enough for beginners but are also artistically pleasing enough for more advanced artists. I have just about every book he has written.

Terry's books are always to helpful!!!
