What Men Want: Tips, Tricks And Secrets To What Men Really Want In Bed: What He Wants

Synopsis

It's no secret that men love sex. But it's more than just the act of doing it that gets them revved up. There's a science and some secrets that women need to know. This book is for any woman, whether you're married or single. This is a great reference to get down and dirty in a way that will have him thinking that you really get what he wants and needs.

Customer Reviews

Quick read with detailed techniques some of which I hadn't considered. Not your typical guide book. Really good details on the simple little things I can do to help out in the bedroom. Good to have a guys point of view perspective. Will definitely read his other book.
