I love these exercises. I've picked my flute back up after a few years of not playing, so my tone has been inconsistent and disappointing. When I was a student, it seemed that the focus was on getting a piece of music mastered, without much attention paid to achieving a clean sound. This is wonderful - it's helping me slow down and perfect my tone, and I'm already seeing improvement after just a few days.

Several experienced flutists recommended this book. I've been playing on and off for eons but had never stumbled upon it. After less than a week using this book, the improvement in my tone is remarkable. It's a lovely read as well. If the idea of sounding "purple" or "yellow" appeals to you, get this book. Even if it doesn't, get this book. If it helps you half as much as it's helped me, you'll be quite pleased.

It has everything my daughters flute teacher wanted her to work on. I can already hear a difference in her tone and it's been only a few weeks since she got it.

Hard to find books always seem to be available on ! The book arrived early and in great condition! Perfect gift for the musician in your life.

Got this for my daughter, it is very good. Arrived quickly and in perfect condition. Would recommend for other flute students.
