This is a fun coloring book with 31 designs for the holidays. It has a wide variety of quick to color designs that immediately make one think of Christmas. The subjects of the designs include: sleigh,

stocking, Santa, reindeer, Christmas trees, candles, and more. The designs range from simple, open, and fast to color to some that have more detail and even a few intricate areas that will take a little more time. The designs are printed on one side of non-perforated white thin paper which is the typical weight used by CreateSpace publishing. The binding is glued rather than sewn. All of the designs stop before the binding, so cutting pages out will not result in a loss of any part of the design. Most of the designs have a àœframingâ• line of some sort around them. I was able to bend the spine hard enough to get the book to lay flat. All of my markers and gel pens leak through Creative Space paper. Coloring pencils work well on it. I generally use whatever coloring medium I choose but I put a piece of chipboard or heavy weight paper below the page I am working on so that the ink doesn't leak through to the next design.

I was given this book as a gift and over all the images to color are good. The quality of the paper however is absolutely HORRIBLE. Even with colored pencils i would be skeptical of trying to color even one page, thank god i always make copies first. but for the ones who don't, the quality of the paper needs to be better.. if your going to put out coloring books, make them so they can be a collector item for those who color all the pages and keep it together in the original format.

Of the total pages, maybe 6 I like. It seems cheap and swiftly constructed. Had I paid \$10 for it, I'd have wanted a refund. Since it's around \$5, I'm not going to make an issue of it. But this is truly BUYER beware, I'm afraid.

Got this for my daughter in the Navy who was deployed for the holidays She has been deployed before & though this would cheer up her newer people She said as childish as it was this really cheered them all up & they had a lot of fun!!!

coloring book is cheaply done

Cute Pictures to color
