Synopsis

Eating the ugly frog is the worst thing you can imagine to do on any day. The frog here stands for the most important thing that we put off doing, as it seems the most challenging one. In the list of your priorities, it is the most important thing that often gets neglected and delayed. Brian Tracy prompts us to action with his insightful methods that have stood the test of time. The sky is the limit for your success, if you have trained yourself to eat that frog first every day. Presented in a simple and engaging style, he reveals the secrets of great and successful people who achieved greatest heights in their career and life. Why listen to the summary of a book when you have the original? Time constraint is the biggest problem. As you are flooded with lots of work and don't find time to go through the whole thing, a summary enables you to know the unique ideas presented in the book clearly and precisely. It saves you time, giving you the great advantage of having heard the original book. Ant Hive Media reads every chapter, extracts the understanding, and leaves you with a new perspective and time to spare. We do the work so you can understand the book in minutes, not hours.
