## Customer Reviews

We have admired Peter Max's work for years. I ordered a "used-very good" copy of the book. It arrived on time. I would say it was actually "used-like new" once I removed the seller's stickers from the dust jacket and cleaned off the gummy residue. I found a bonus inside: my copy was inscribed and signed by the great man himself! The book is very informative and makes a great addition to our collection.

The life of Peter Max told with both words and his artistry. A visual canvas of his life as he details his many adventures. An interesting look into the man and his art. We not only get to experience what his life was like, but get to see how that life has inspired his art.

Enjoyed revisiting the art that was a part of what made our generation what it was. So much was familiar, with enough not-before-seen to make the book a pleasure. Also appreciate the writing that

went along with the art.

I purchased the Universe of Peter Max as a Christmas present for my husband. We are fortunate to have several pieces of his work and this is just a wonderful addition to our collection. If you are a Peter Max fan this book is a must!

I absolutely LOVE this book. It's beautifully designed and full of amazing stories of Peter Max's life! If you are a fan of Peter Max, you will be a fan of this book. Perfect holiday gift.

Well I have read the Art of Peter Max and now the The Universe of Peter Max. I Love everything about Peter. Now i will admit to the fact that i am quite bias, simply because i have met him several times already. His an inspiration to us all. By understanding the Man behind the art makes you grasp what the art means so much more. Not every one will like the Art work of Peter Max, I get it, but I will recommend that you read this book. As I said I will make you understand the MAN. MUST HAVE!!!! You can not call yourself an art fan if you don't have this.

He is a very interesting gentleman. I meet him a few weeks ago, having so little time to really know him I bought the book which explained his vast creative side.

I like peter max. I like to read about the people I have paintings from. The story that goes with his painting are insterating.
