Customer Reviews

This was a harder coloring book to rate. One-sided on fairly heavy paper. Only 24 pictures. Some beautifully "shaded" pictures that are amazing!!! One picture has 2 pumpkins with a moon & bats in the background. I love it! Some of the skulls are so well done with all the details. These look very professional!! They are incredible! There are a couple of pictures that are somewhat strange such as an Octopus? A couple of dead persons kissing with goo falling between their lips. Kinda odd. Almost appears that more than one person drew these. There's a picture of a head of a Zombie. A few pictures with black in the background. If it weren't for about a half dozen of these, I would have rated this a solid 5 with no problems.

This is a definitely a Unique Halloween Coloring Book for Adults and Teens Alike. I received this Book as a Gift and I am so excited to get started. The pages are a little thin so I'd recommend removing them before using markers or inks of any sort. But they're also printed on one side only, so that's easy to do. The pictures are just so fun, lotâ™s of scary and Mind boggling designs to color, very fit for the Halloween Season and always. I just wish there were more pages, because I'm going to go through these pretty quickly!

I just got this book and love it yes it's a little smaller than I thought but it packed with really nice images some are gray-scale and others are normal but really nice I love it .

If you think the style of cover gives you an example of the rest of the book. Youll feel misguided. There are a few cool ones, but overall look better as black and grey.
