Zenspirations Coloring Book Abstract & Geometric Designs: Create, Color, Pattern, Play!

Synopsis

Enter a fantastic world of 30 expressive abstract designs in this extraordinary coloring activity book. Zenspirations(R) creator Joanne Fink reveals her easy-to-learn techniques for combining playful patterns in intricately textured designs. So much more than mere outlines to color, exquisite Zenspirations patterns are launching pads of endless imagination and creativity. You don't need to have the skills of an artist to create your own masterpiece here. After your patterning is complete, go ahead and explore color! Use the finished examples for guidance, or try your own interesting color combinations to create stunning avant-garde art. Printed on high quality extra-thick paper, this beautiful and inspirational book is perfect for decorating with your choice of colored pencils, markers, or gel pens. Pages are printed on one side only, and are pre-perforated for easy removal and display.

Customer Reviews

I love Joanne Fink's designs, as I have said before, and I much prefer this book to the Inspirations volume. I realize that I am more of an abstract person, than a butterfly and inspirational quote person! I use this book for starter ideas for my own work. I don't copy, or even colour in the book itself, but I get inspiration. Not exactly voluminous, but a neat little book for the money. I would

suggest trying to see it before you buy it, just to make sure it's what you want.

Fun book, lots of ideas and inspiration. Good when you are starting to add color to your tangles. My grand daughter loves it!

I have recently taken up zentangle and am always looking for ideas to tangle. This is a great book for sampling colors and adapting tangles. Especially for the beginner.

I occasionally get the nephews and nieces; and we've taken up Zentangles. Her books are great, in that I can copy the pages and give it to the kids so they can create their own pieces and re-use the pages over and over for them. Worth the \$\$.

I bought this book for ideas not realizing it was actually a book that one colors. But I know I will get a lot of use from it -- good ideas and I might even color it too! Arrived quickly and in perfect condition. Thanks

This book is a great one to have in your "Zentangle" library. It has lots of ideas, and has lots of patterns. It is also a great coloring book for those who like a break from stress and want to relax.

Great layout, and the designs are marvelous. I guess some buyers didn't see the words Create & Color on the cover and must have expected something other than they got. Well worth the money, I was pleased with the illustrations and felt the book represented Joanne Fink's art perfectly. I recommend this book for those interested in coloring and creating with these patterns. Inspiring work.

I love the designs in the book. They are on one side of the page only so you don't have to worry about bleed through and is perforated for easy removal of the page. I truly have not met a design by Joanne Fink that I don't like. When I first discovered adult coloring books she was one of the first that I purchased and between her and one other artist they take up 90% of my shelf! I love this book especially because the different designs, circles, squares, hearts, etc, are great for practicing zentangle inside and around and then add to the butterflies and flowers book or the inspirations books.
