Customer Reviews

If you purchase the digital download version of this book you WILL NOT get an access code as stated in the listing. I contacted Hal Leonard for the code and they are unwilling to give it to me. It is clearly stated that the code to access the audio back up files on HL's website is included with purchase. Very disappointed in Hal Leonard. I provided them with my receipt for this purchase and they refused to help me out. By buying the digital version I saved them from printing out the music onto paper and sending me a CD. What do I get back? No customer service. No backing up on their promises. Would not buy the digital version.

I have been playing the flute for over 20 years and while I don't play nearly as much as I used to I

do like to keep up on my skills. I bought this because I have 3 girls that love all 3 of these movies. I think these arrangements are fantastic and fun! I had no problem finding the instrumental backing on the website using the code inside the book to play along with. And I like that it has both a demo track and one without the melody at all. I will be having a lot of fun playing these for my girls!

Each song comes with a demo track and a backing only track. The backing tracks sound exactly like the music on the movie, which makes me happy. The demo tracks have a glockenspiel sounding instrument playing the notes, but I actually like that as it's easier to hear and play along to. Hal Leonard's (new?) website is great because you can play all the backing tracks slowed down. Wish the site was more compatible with mobile phone though, as I can only do basic playback on the mobile and the site doesn't display well.

This is a great book that arrived quickly. My third year student picked it up quickly, and says the book is clearly written.

My 11 year old loves this book. She started playing the songs right away. Great selection of popular Disney songs.

My child is in 2nd year flute, and she loves this book. I think the songs sound lovely on flute, too.

My daughter was looking for a fun music book to play during the summer. She was excited to learn to play several of the Disney movie songs!

Absolutely great it came fast and in great condition I highly suggest buying this item
