# Manga Fashion With Paper Dolls

## **Synopsis**

Featuring twenty-five iconic fashion styles, Manga Fashion is filled to the brim with gorgeous girls in dazzling clothes. Seventy-three of Japan's top manga artists portray key styles from party to romantic, gothic Lolita to nautical. Descriptions of the different styles break them down into their essential components—types of clothing, shoes, and accessories, as well as how the looks developed and what kind of modern manga girls wear them. Classic items like miniskirts, kimonos, military jackets, and ball gowns are covered, as are accessories including high heels, obis, and hair ribbons. And as the cherry on this manga sundae, two manga paper dolls can be found in the back of the book, accompanied by stylish outfits and accessories.

## **Book Information**

Paperback: 208 pages

Publisher: Harper Design; Pap/Acc edition (November 26, 2013)

Language: English

ISBN-10: 0062247379

ISBN-13: 978-0062247377

Product Dimensions: 7.2 x 0.7 x 10.1 inches

Shipping Weight: 1.6 pounds (View shipping rates and policies)

## **Customer Reviews**

This book is really great! But at the same time, it's not a how to draw book. It doesn't show how to draw the clothes, or how wrinkles are placed. In fact they don't even really address the issue of drawing clothes. I'd say, this is more of an information on styles, and that's even vague. This book has one page, stating the clothing type, like "Lolita" and it gives brief history on the clothing, when it was fashionable when it came into styles and how, etc. Then it shows three different items pertaining to what the type of clothing was. Then they just show a bunch of different artwork, with clothing that is very similar to the topic. DO NOT buy if you want a how to draw clothing book. The only people that would be interested in this book, are people who want to know about styles, and when the styles became a trend and where, and why. Honestly, I love manga and I love fashion, so

this wasn't a terrible buy. Many pages, but then again, it's mostly digital artwork with no instruction on how to draw. I suppose it's not really considering a "how to draw manga" book, but I did find it whilst looking that up. I give a four, because I love to learn things about fashion and this book helped me to learn better about various styles.

She likes it so much.

Fun and interesting. Great illustrations.

The book is an encyclopedia of different trends in fashion with some pictures from each time/century. For each category, there are fan art works contributed from other artists (different areas) along with their website. The graphics are nice. The book isn't a how to draw book, but a collection of art pieces.
