I am disappointed in this book. I gave 3 stars as I think the art is good. Beyond that there is constant repetition of the same subject. I realize this is manga, but IMHO, this book uses the school girl scenario to many times. The first two thirds of the book is mostly spread legs and tight panties. A little is ok, but this has to much. The last third of the book is very good in terms of variety and subjects. Namely adult women, monsters and men. I can't honestly recommend this book.

Got this for a reference to draw sexy anime girls! It's really great too lots of female figures/frames to work off of. My only cons are that the art is censored, art is freedom not censorship. Plus I think a better Q/A could have been done.

Absolutely exquisite artwork on high quality paper. There is a lot of variety of poses, outfits and characters. It not only serves as a visual reference for some of my art projects, but just as something to look at occasionally. Whether you are an artist yourself, a fan of *Samurai Girls* or Ni0 in general, this book is a great piece to add to your collection.

I have always been a fan of Ni0's artwork for a long time and having an book which compiles a great number of his work is just a dream come true. The size, the overall presentation and the price of the book itself makes it a worthy purchase for any fan.

Gorgeous art. It is pretty risque though, so be warned. Some of the featured pin-up art is near soft-core porn.

So as an FYI a YouTube channel called lollipop gallery does a flip through of the book. There is no dialogue, just a person flipping through the book. I would check it out if you are planning on buying this book. It's not a bad art book it's just too Queen's blade-ish. Also it's very simple and over the top with panty wedgies.

Awesome drawings, but this artbook is for adults. NSFW material, I didn't know.

beautiful colored artwork and ecchi galore. Overall was a great buy
