I have started coloring in my Coloring Book and it is so enjoyable. For this coloring book I'm using Gel Pens. I was afraid the colors would bleed onto the next page but it didn't which is a A+. It is very relaxing to color and so fun to see the page pop with color. I highly recommend the Butterflies Wings to help relax or for stress releasing.

Butterflies Wings is very unique beautiful designs. it's surprise me that it's have more details in the image which fit for the adult coloring lover but it's also fun for the beginner too!! My friend never intersted to coloring with me because I love coloring in very details image but when she see the image on this books she can coloring it in her way.
