I was hoping, this would be different from other John T’s books, but honestly, the same block letters and repetitive designs and same swear words are now getting boring. Hoping John makes new books without the repetition and be original. Sorry John...

If you’re into the swear word coloring books then you NEED this book! I have several oh John’s books and each one gets even better. All of his books are so unique, this one included. His animals are adorable and then paired with bad words makes it even better. I love the design of the letters, they aren’t just solid blocks which allows you to be creative with them. The postcard style of the pictures just adds to its awesomeness!

Its on Order but he has already release 3 pgs free to print on closed facebook groups and I have colored one already. John Tommerviks Coloringbooks all of them are Great!!!!

I’m really enjoying this book. Especially the cute animals with naughty words, it is hilarious and unexpected. Some of the pictures are definitely better than others and there is one that I feel just doesn’t go at all. It sticks out like a sore thumb and degrades the book of it. I wish it wasn’t in here. The first one is the strange one and then the last three are samples of his adorable work

I love Greetings From postcards, so this was a MUST buy! The designs are great, and something different and unique! You can’t go wrong with this one!

Pepper is a retard.... This book is for adults. Go back to San Francisco you liberal jack off..

I bought several copies of this book. It’s so much fun to color and the messages are great! I love this book!! Great job John T. I can’t wait to see what he comes up with next!
