## Customer Reviews

I absolutely love this coloring book!!! As you would expect from the cover there's quite a bit of blood and decapitation and gore but in a cute cartoony kind of way. I love horror and have a bit of a morbid curiosity so was instantly pleased when I flipped through the pages. The pages are decent quality and single sided. Pictures are great. Perfect for anyone into horror and fairy tales. I will definitely be looking for other books by this artist.

For those who aren't familiar with the 'I Hate Fairyland' graphic novel series, it is based on the adventures of a young girl stuck in Fairyland, and she hates it. This adaptation of a graphic novel series presents some characters, scenes and actions from the series, in a tradition comic/graphic novel style for you to colour. There is some guts and gore, and attitude, but it is a lighthearted book and the scenes are very evocative! I hope you've enjoyed this review, happy colouring!

I saw one of the pictures colored and a handful of other pages that looked nice. However, when I received the book, most of the pages were a mess of lines and not something that would be enjoyable to color. Plus the pages were similar to each other instead of having more unique pictures. I ended up donating the book instead of bothering to color the couple of pictures that were okay.

Absolutely love the insane, unique humour in this coloring book. It's one-of-a-kind, which is hard to find in the coloring book world and I couldn't stop laughing as I flipped through each page. If you have a warped sense of humour... this book is for you. I kind of feel like the picture where the girl is giving the finger is not unlike my inner child before morning coffee :-)

Absolutely hands down love this coloring book!!! It's relaxing yet super fun

I absolutely love this coloring book. When I'm taking my college course it helps me focus when I color and this is just so much fun to draw and add your own twist.

The book is amazing, it has new illustrations that are not in the comic!. The only issue was that it came damaged from the top right corner from the shipping.

It was exactly what I thought it would be and loved the paper and that it was one picture on each page. So fun to color!
