I bought a new book and it's just that. Nothing wrong with the book, very happy with it. I would defiantly recommend it.

Easy read

I received the wrong edition!

I just purchase this book for a class I'm taking, and I'm using this through the kindle e. This is my first time using this kindle system got it right away downloaded on my system and I'm all ready to

go.... Go study that is.

My book arrived with most of it partially separated from the spine which was taped, and some of the pages completely out of the book. Not at all usable without having to find ways to repair it myself.

The book was very helpful
