Customer Reviews

This is a truly excellent book! As more and more colleges and universities are starting to teach courses in Music Business, Music Entrepreneurship, etc. this book is truly answering the call for an academic study of the "Music Industry." The closest substitute to this textbook would be *All You Need to Know About the Music Business*: Eighth Edition. However, this book is more of a nonfiction book for the curious reader at Barnes and Noble. "*Music Business Handbook*" offers greater depth and a wider perspective. I appreciate how this looks at both the "classical" and "mainstream"

industries in music and also has great online tools to enhance learning. I have adopted this textbook for my classes in Music Business and Leadership. After perusing a handful of books, this one easily rises to the top. If teaching in a classical music-based institution, I've found that *Beyond Talent: Creating a Successful Career in Music* is an excellent complement to this textbook.

Great book

HIGHLY INFORMATIVE & RELEVANT!!!
